JUDICIAL NOTICE OF CONTROLLING FACTS AND LAW

I am Erik Rothenberg, that is my name.

I am a live, sentient, self-realized being with all rights reserved.

I am addressing the fiction you speak for to find out what business the fiction has with me:

My business here is to determine by what authority do you, Mr. Gonzales, Mr. Hanson, Mr. Gutierrez, Mr. Greene, appear in front of me today or at any time in the past?

My business is finished here, as you, Mr. Gonzales, Mr. Hanson, Mr. Gutierrez, Mr. Greene, have not stated the business of the fiction with me.

If there is a legal relationship of the IRS, U.S. Attorney, U.S. District Court to me, it has not been demonstrated, I have no evidence thereof and believe none exists.

I have no evidence of any legal obligation based upon your, Mr. Gonzales, Mr. Hanson, Mr. Gutierrez, Mr. Greene's acts or omissions exists; I do not consent to any alleged legal relationship until same has been placed in evidence.

I have no valid evidence of a legal relationship by which you appear in front of me today or at any time in the past that is not slavery and/or involuntary servitude, when no legal relationship is disclosed.

If any court certifies the actions of the prosecution and refuses to require that the prosecution put their full legal and political authorities over me on the record of the court, it is conclusive evidence that the judge(s) are making a legal determination without evidence. I have no valid evidence to the contrary and believe none exists.

Response to A. Gonzales, RE: Letter 3174(CG)(Rev.11-2006)

Dear Revenue Agent A. Gonzales:

I am in receipt of your defective, erroneous, administrative Letter; a copy is attached returned Void for Cause as stated.

You are hereby advised to take notice of the court filings in U.S. District Court Case No.: 2:12-cv-06366-PSG-AJW(x), in particular: Evidence Submission under Rule 201(d)(e)(f), Erik Rothenberg's Declaration Before the Entire World, Rothenberg Declaration and Settlement Offer and defective denied Motion. You are also hereby advised to take notice of the above In Law Declaration.

As any senior member of your legal team should conclude after reviewing these documents and said In Law Declaration: the IRS did not follow proper procedure and the proof is on the record, meaning the U.S. Attorney is liable for not pleading all material facts on the record; the magistrate judge is liable for failing to review all material facts on record before issuing an order to show cause and/or causing an erroneous, defective and void "grant of petition for levy" 5 days before my hearing date; and, said void "grant of petition for levy" was issued two hours *before* receiving evidence that effectively voided the erroneous, non-fact-based decision. The judge further rendered all acts completely void by failing to properly sign my Motion, instead just writing the word "denied" on it, in contravention of any cognizable judicial rule, custom, standard or practice.

Further to the point, there is now proof of fact in evidence on the record demonstrating IRS' inability to attach me, Erik Rothenberg, as a taxpayer for failure of production of either law or contract for said attachment. If IRS could have attached, IRS would have already placed such evidence on the record, and there is none.

This has been a defective process from the beginning, six years before you, Mr. Gonzales, entered the case, all the way to the end, where the process was completely voided by acts and omissions of IRS, U.S. Attorney, District Court Judge. There is a significant list of appealable procedural errors, as well as a series of other violations, that will land all parties in the appropriate court at the appropriate time.

Further, you and your colleagues have been served with a perfection of a claim on slavery. You have also been noticed that you have failed to produce any law or contract evidencing a way of attaching me, Erik Rothenberg, in which case, you are engaging in involuntary servitude, SLAVERY. Said engagement is made by this way of the commandeering of units of my labor-backed value used to support: a private money system, FEDERAL RESERVE; the issuing collection INTERNAL REVENUE SERVICE; the legal enforcement systems, The U.S. Attorney's Office, among other agencies (assuming U.S. Attorney's office can exempt or otherwise lawfully circumvent its operating outside the seat of government Washington D.C. 4 USC 72 and for which no Congressionally certified evidence has been placed upon the record). You all are operating a SLAVERY SYSTEM, and you know it now if you did not know it prior.

Your failure to cease and desist in sending me letters has resulted in a litany of serious actionable claims that will be pursued against you, personally, Mr. Gonzales, as well as your colleagues who have received said notice under all appropriate channels at the appropriate time.

IRS' failure to cease and desist in sending me letters, such as the 10 unsigned letters I received the week of October 22, 2012, herein returned Void for Cause, requesting payment of various tax years is harassment at the least and federal civil rights violations and felonies admitted by your acts. The IRS has had ample opportunity to show valid attachment contract, law or other authority and failed to produce the same, exposing itself merely as a non-government agency for the voluntary collection of non-mandatory gifts, contributions, tribute. This similarly raises a series of actionable claims that will be pursued under all appropriate channels at the appropriate time.

I also enclose a letter received from Delphine V. Thomas, Disclosure Office 2 responding to the FOIA requests that you were served with in your perfection of slavery claim in my IRS Package (a copy of which was also filed in U.S. District Court Case No.: 2:12-cv-06366-PSG-AJW(x)). In it, Ms. Thomas explains that responding to my FOIA request would mean creating a personalized record, which she is not required to do. It is unclear whether she is saying she is "not required" to produce a personalized record because IRS is not a government agency, or instead saying that she would otherwise have to create one (if IRS were a government agency) because there is no current *existing* record that IRS can produce demonstrating that IRS has answers to any of the specific document demands posed in my FOIA requests.

In either case, it appears relevant authorities are without any FOIA production or IRS production of any existing record evidencing law or contract attaching me, Erik Rothenberg, for personal tax liability. You all and IRS have no claim, and are practicing coercion under threat of legal process, defined as involuntary servitude, SLAVERY, claims of which have already been noticed and perfected and await further lawful action. See U.S. v. Kozminski 487 US 931.

As for the defective U.S. Attorney and IRS collaboration in attempting to attach a levy on my property, the levy can't issue without a proper lien, and the proper lien can't issue without a District Court order. The District Court order has to prove a valid judgment took place and the order was appropriately filed (which a quick review of the evidence submitted in the case will put to rest any doubt that it was *not*) and that judgment would have had to be based on a claim, which required a valid debt, which in turn required a valid liability that in turn is required to be supported by a law or contract, neither of which is supported by any existing record.

None of the above occurred, and it was mere hearsay evidence from an unnamed, unsworn 3rd party which was used to support the original, erroneous Notice of Deficiency, which in turn was used to support the erroneous, invalid and void administrative U.S. Tax Court judgment against me. In turn, this *administrative, non-judicial "judgment"* was used for the erroneous lien (in absence of a District Court order per the statute). All this was then used to claim a 'valid Levy'. Perhaps these

significant evidentiary and procedural defects explain why the judge closed the case 5 days before the hearing, creating an effective bar against any further movement on the matter resulting from commission or omissions by their own acts.

Unless, on the outside chance IRS/U.S. Attorney can credibly challenge, on the record, the evidence filed by me and not filed by IRS on the record of this case, IRS/U.S. Attorney has no position. In order to actually seize my property, you all would need a writ issued via a Title 28 action by which a proof of claim that cannot and does not exist would be required. IRS and U.S. Attorneys Tax Division have already failed to demonstrate on the record any valid legal or contractual basis for bringing a U.S. action. And, as you may realize, in the case of such a Title 28 action, you, Mr. Gonzales, and the parties named herein will be open, by operation of law, to the kind of uncomfortable discovery that will expose you and your entire operation INTERNAL REVENUE SERVICE as a fraud to the entire world.

VERIFICATION

I declare that each of my statements herein are true, correct, and complete the best of my belief and knowledge and stated under the pains and penalties of perjury under the Laws of the United States of America 28 USC 1746 (1) without the United States.

Dear Erik Rothenberg:

I am responding to your Freedom of Information Act (FOIA) request dated August 29, 2012 that we received on October 5, 2012.

Your letter appears to ask for documents concerning your personal responsibility to pay federal income tax. To respond to your request, we would have to create personalized and specific statements about your tax liability. We are not required to create records, provide explanations, or answer questions in response to a FOIA request.

To the extent you are seeking records that establish the authority of the Internal Revenue Service to assess, enforce, and collect taxes, the Sixteenth Amendment to the Constitution authorized Congress to impose an income tax. Congress did so in Title 26 of the United States Code, commonly known as the Internal Revenue Code (IRC). The IRC may contain information responsive to portions of your request. It is available at many bookstores, public libraries and on the Internet at www.irs.gov.

Income tax filing requirements are supported by statute and implementing regulations, which may be challenged through the judicial system, not through the FOIA. It is not the policy of the Internal Revenue Service to engage in correspondence regarding the interpretation and enforcement of the IRC. We will not reply to future letters concerning these issues.

Also, you submitted an identical request dated August 29, 2012. We responded to you on September 11, 2012, reference case number F12254-0082. You should direct any further inquiries concerning this response to:

Sharron R. Davis
